PROFILE

As a student doing my bachelor's degree, I am more eager than ever to learn and progressively add on my knowledge in the IT world. I aspire to continue down the path of a data scientist and thus use most of my free time to gain a competitive edge by learning and improving upon the tools that are required to make it.Moreover, I have a keen interest to learn and to better my understanding of multiple tools and IT fields as to be able to grasp the cohesion of the IT world.
